A word about panorama versus regular prints:

A panorama print is long and thin compared to a regular print. An 8x10 panorama actually measures 6"x13" which makes the faces closer and bigger. It also eliminates much of the distracting background and floor. We will have side-by-side samples to see at our order desks. Here is a pair of samples from last year's All-State.

If you have any questions you can call us at 337-233-1094 or 800-801-0813. You can also email us at mona@nouveauphoto.com.
